### **Report on Visit of Vanhne Village as part of the Local Immersion Programme for Higher Education Institutions**

Students and faculty members visited Vanhne village on 22<sup>nd</sup> February 2024 as part of the Sustainable Development Goals - Local Immersion Programme for Higher Education Institutions, which was carried out under the aegis of the Planning & Programme Implementation Department (Research & Development), Government of Mizoram.

Under this programme, selected students from various departments of the college were tasked with conducting a survey at Vanhne. The objective of this visit was to collaborate with village authorities to formulate an comprehensive strategy that ensures the village meets one or more targets specified in the Sustainable Development Goals (SDGs). The Planning & Programme Implementation Department will then choose the five institutions with the most effective plans from a total of 22 across the state.

The group met members of the Village Council at the residence of the Village Council President. Dr. Vanlalmuana explained in detail the purposes of the visit and the aims of the Sustainable Development Goals. The members of the Village Council then spoke on the village's needs and requirements. The two sides then discussed on projects that would alleviate the village's issues while also aligning with the goals and objectives of the SDGs.

The meeting concluded with the decision to organise a village-wide survey at a later date so as to assess the public's opinion on the matter.
