On 25th April, 2023, the Department of Education, Govt. J .Buana College, visited the Bethel Centre in Lunglei for the purpose of conducting case study of the exceptional children, investigating the causes of their impairment and suggesting remedial measures. Twenty- nine students, accompanied by four assistant professors of education department participated during the time. The founder of the centre gave report of the centre and after that; the students were divided into five groups, with each group studying one child. Three groups studied mentally retarded children, while the other two groups studied orthopedically children with mentally retarded. Each group collected data from workers and interacted with the children. After finishing conducting the case study, the students had time for sightseeing the campus, took group photo and left the centre around 2:20 pm that day.

Feedback: As the main objective of this project was to study the in-depth aspects of exceptional children, the students learned a lot and gained a better understanding on the field of special education.
