Activity Name: Campus Cleaning Programme (Swachh Bharat)
Conducted By: Campus Maintenance and Beautification Committee
Date: 5th August, 2022

A campus cleaning programme (Swachh Bharat) was organised by Campus Maintenance and Beautification Committee on the 5th of August 2022. The students, faculty and staff members (around 400 members) took part in cleaning the classrooms, corridors, gardens, and surroundings of the college campus.

The participants collected a huge amount of degradable and non-degradable solid waste found in and around the campus and actively sorted waste into recyclables and non- recyclables, encouraging eco-friendly waste management practice.

The programme concluded in the afternoon with a vote of thanks from Dr. Vanlalhlani Ralte, Chairman, Campus Maintenance and Beautification Committee.
